**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who lives in a rural area and our local provider gives the best service for the best price. Please don't take this option away from people. In our area we would be forced to use one major company if there weren't services offer by our local internet provider. Not everyone lives in an area where there are many choices and competition.

Our provider trys to keep their prices consistent and reasonable, which is something I can positively say that Century Link does not. They don't increase our rates every few months and that is important in this economy when people are trying to make ends meet.

Please don't take our options away!!
